U.S. OFFICIALS NIP BIG BOMB PLOT

TWO HUNDRED RADICALS IN THE TOILS

(By Associated Press)

Chicago, Nov. 8.—More than 200 alleged radicals were in custody in Chicago today suspected of activity in plotting a nation wide celebration of the second anniversary of the establishment of the Russian Soviet Government. They were taken in a series of raids during the night by operators of the Federal Department of Justice in this city, Gary and Indiana Harbor, Indiana, Milwaukee, Wis., and South Chicago, Ill. From circulars, pamphlets and correspondence sent through the mails and seized by the department of justice agents, they decided that the movement of the celebration received its start here. These circulars gave details of the proposed celebration in various parts of the country, operatives said, and intended to show that they were distributed from I. W. W. headquarters here. Some of the circulars were in German. A number of the prisoners were unable to speak English and interpreters were provided. Information regarding plans for a "reign of terror" in Chicago in

STEAMSHIP PORTSMOUTH SAILED TODAY ON HER MAIDEN TRIP

OHIO RATIFIED PROHIBITION BY 194 VOTES

(By Associated Press)

Columbus, Ohio, Nov. 8.—Ohio voters sustained the action of the legislature in ratifying federal prohibition by a majority of 194 votes at last Tuesday's election according to unofficial returns received this morning at the office of the Secretary of State.

connection with the celebration was said to have been obtained by a Department of Justice agent who infiltrated himself into the radical council.

The steamship Portsmouth, a product of the Atlantic Corporation, is now on her maiden trip on the briny deep.

She left Portsmouth at 7 o'clock this morning for Philadelphia where the steamer has been assigned to the International Freightline Corporation with general offices at 220 Lafayette building in that city. She will load at once with a cargo for South America.

The keel of the Portsmouth was laid June 15, 1918, launched July 4, 1919; first dock trial Oct. 23, 1919; trial trip Oct. 29, 1919. She was accepted by the Shipping Board Nov. 4, 1919.

Her commanding officer is H. L. Peterson and the engineer's division is in charge of J. H. Smith. The crew comprises fifty men.

Department of Justice Arrest More Than 350 Persons Who Had Planned Violent Demonstrations Throughout the Country

RAIDS CAME AS A SURPRISE IN NEW YORK

(By Associated Press)

New York, Nov. 8.—Agents of the Department of Justice and officials of the New York Police bomb squad operating in the extermination of radicals in the city allowed it to be known today that their work was far from ended with the spectacular raids on headquarters here last night. In the absence of a definite statement regarding steps to be taken in connection with the fifty or more alleged radicals who failed to obtain their release last night, it was generally understood that deportation proceedings would follow promptly. The raids came as a surprise to the 200 or more persons assembled in the Russian peoples house in the lower east side.

The building was surrounded by uniformed police and filled with Federal agents before the occupants realized what was taking place. On one of the floors a class was listening to what the police term a radical lecture but all the students hastened to inform the officers that they were "learning English."

NEW THEORIES IN MURDER CASE BEING FOLLOWED

(By Associated Press)

Hooksett, N. H., Nov. 8.—The theory that automobile bandits murdered Maurice P. Otterson at his home here Thursday night received less attention from the police today after fruitless efforts to obtain a clue to the car in which the men were supposed to have escaped. It was said that while all reports of strange cars seen in the neighborhood that night would still be investigated new theories of the manner in which Otterson was killed were being followed. Some of the investigators were not inclined to believe that robbery was the motive of the crime and they scouted the idea that professional thieves would take such chances in the hope of getting the small amount of money that would be available in the Otterson home. Mrs. Howard Otterson who was held prisoner by one of the strangers while Maurice, her brother-in-law, was killed, and the house ransacked was still suffering from the shock of her experience today. Her condition was described as hysterical and the police expressed the hope that upon her recovery she would be able to recall some additional circumstances that would assist in clearing up the mystery.

Basket ball games among the officers and also games among the enlisted men are to be played soon at the Armory. It is hoped a football game of teams made up of men in the service may be arranged for Armistice Day.

(By Associated Press)

More than 350 alleged radicals who are said to have plotted violent demonstrations throughout the country today commemorated the second anniversary of the Russian Soviet Government were in the hands of the federal authorities awaiting deportation or such other action as may be determined upon. About five hundred men and women suspected of having been implicated in the plot were seized late last night in a series of sweeping raids conducted in fourteen cities. Further arrests were planned by federal agents in some cities today. More than 150 persons were taken in a raid in New York which was personally conducted by Wm. J. Flynn, chief of the Bureau of Investigation of the Department of Justice. All but 62 were released after examination. In the Chicago raid including Milwaukee and Gary, Ind., about 200 were taken into custody while smaller groups ranging from 50 down to two were arrested in Detroit, Philadelphia, San Francisco, Newark, N. J., Jackson, Mich., and five Connecticut cities, New Haven, Hartford, Ansonia, Waterbury and New Britain. Federal agents generally declined to discuss the arrest further than to say they had been planned at Washington several weeks ago. It was reported that in some cities, the demonstrations were to include bomb plotting and the use of firearms.

Washington, Nov. 8.—Agents of the Department of Justice and the Bureau of Investigation have been collecting evidence in these particular cases for two months, Mr. Palmer said. Practically all of those arrested were Russians. Included among the material and literature seized by the Government agents in the raid were quantities of articles used in making bombs, a complete counterfeiting plant and large supply of counterfeit bank notes, thousands of pieces of literature described as of the most inflammatory nature and scores of red flags, rifles and revolvers. In the course of their investigations Government agents, according to Mr. Palmer's announcement have found that the union of Russian workers is conducting an active propaganda for a "social revolution." The aliens arrested were all leaders in the union which was described as the worst anarchist organization in the country. Its membership comprises more than 7000 with many locals, estimated by officials to run well above 100, scattered throughout the country. Last night's raid included only the leaders of the organization in the following cities: New York, Chicago, Pittsburgh, Philadelphia, Cleveland, Detroit, Buffalo, Akron, O., Youngstown, O., Baltimore, Newark and Elizabeth, N. J., and Hartford, Waterbury, Ansonia, Bridgeport, New Haven and Seymour, Conn. Officials declared that in last night's raid they had found more forms of anarchistic propaganda teaching the overthrow of the government by force and violence than in any previous nation wide raid. Of the activities of members of the union of Russian workers Mr. Palmer said: "The union of Russian workers is even more radical than the Bolsheviks. It was organized in New York in 1907

INJUNCTION PROCEEDINGS TO BE PRESSED

(By Associated Press)

Washington, Nov. 8.—Injunction proceedings against officials of the United Mine Workers of America will be pressed at Indianapolis Attorney General Palmer announced. John J. Lewis, acting President of the Miners' Union refused to accede to the government's demand that the strike order be recalled pending mediation of the controversy.

NO MORE DAMAGE AT HAMPTON BEACH

While there was a high tide along the water front on Saturday it was not as high as that of the previous day when much damage was done, particularly at White Island, Hampton Beach. A telephone message from Hampton Beach this afternoon stated that its more cottages had been washed away and that the sea had in a measure subsided.

JURY RAISES LOVE VALUE

A Norfolk county jury, sitting at Dedham, Va., today found a young woman's love more than she does herself, according to the verdict that was given to Miss Ida Pankloun of Quincy in her breach of promise suit against Mattie Ojala of Quincy, whom she charged with failure to marry after they had contracted to do so.

Miss Pankloun sued to recover \$5000 damages because her sweetheart would not marry her and the jury gave her a verdict of \$6500, a sum \$1500 more than she sued for. It was charged by Miss Pankloun that she and Ojala agreed to marry each other and while she was willing at all times to carry out her part of the contract, the defendant refused and failed to live up to his part of the agreement.

Special music by the Portsmouth chapter. The League chapters of South Ellet, Ellet and York Village to attend this meeting in a body. On Friday evening at the Portsmouth

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a general action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets, the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

M. E. Church the members of Kittery Ellet and South Ellet will participate in the program and attend at 10.00 a. m. on Saturday.

The People's Society. Services Sunday Nov. 9th, 10.45 a. m. Morning worship with sermon by pastor. Text: "Ye are my friends." John 15:11.

12 m. Sunday school.

7.45 p. m. Evening song service with short address.

Tuesday at 7.30 p. m. Cottage prayer meeting at home of Walter E. Patterson.

KITTERY POINT

Kittery Point, Nov. 8.—Rev. James McKenzie who has been pastor of the Free Baptist church for a year recently tendered his resignation which has been accepted. Rev. and Mrs. McKenzie will leave shortly for Littleton, N. H., where Mr. McKenzie has accepted a call to the Baptist church there.

Frederic Frisbee of Boston is spending a few days in his home here.

Mrs. Braden of Portsmouth will open her Monday evening private dancing class at Parkfield hotel on Monday evening, Nov. 10.

Mrs. Ada Shapleigh of Ellet is visiting her sister, Mrs. Thomas Bray.

Mrs. Linnea McGill underwent an operation upon her throat at the Portsmouth Hospital on Friday.

Mrs. George Curtis of Kittery was a visitor in town on Friday calling on friends.

Mrs. George Terry and Mrs. Henry Plaiside of Kittery visited friends in town on Friday.

A large number of spectators witnessed the eclipse of the moon last evening.

12 Sunday school.

First Christian Church

12.30 Sunday school.

2 o'clock afternoon service. Chaplain Rountree will occupy the pulpit.

Evening service 6 to 7 o'clock. Chaplain Rountree will have charge.

Free Baptist Church

10.45 Morning worship. Sermon by Rev. James McKenzie.

12.16 Sunday school.

7 Evening service.

DEAD MAN'S CURVE AT WELLS WILL BE WIPED OUT

Work Started to Remove Worst Danger on Maine Highway.

Work was started on Friday to eliminate the so-called "dead man's curve" in the highway in the town of Wells. This place is known to thousands of motorists, some of whom have had narrow escapes from death and serious accidents, in negotiating it in their automobiles. Several fatalities have, in fact, occurred at this curve, one of the worst in the state.

The work now under way comes as a result of the order of the public utilities commission of Maine which took the bull by the horns and ordered the Boston & Maine railroad to make the necessary alterations to insure the safety of the traveling public. The overhead tracks of the steam road and the depressed tracks of the Atlantic Shore Line of trolley cars have combined to make this curve an even worse one than that in West Middleford at the Iron bridge. That is also a death trap and should go the way of the dead man's curve in Wells.

TWO WOMEN IN HOSPITAL FOLLOWING AUTO CRASH

Wells, Me., Nov. 8.—Mrs. Ellen Dalgemont, aged 21, of Wells, and Mrs. Jennie Lizon, aged 24, of Newmarket, N. H., are at the Trull Hospital suffering from injuries received in South Portland late Thursday, when the auto in which they were riding was sideswiped and overturned by a car driven by a Portland man. The extent of their injuries cannot be determined for several days.

Lois Dalgemont, who was driving the car, Mrs. Alfred Dalgemont and Mrs. Jennie Lizon, who were also in the South Portland machine, were thrown out. They are at their homes suffering from shock.

MAINE HARRIERS CHAMPS.

Waterville, Me., Nov. 7.—The University of Maine cross country team won the state championship in the Maine Intercollegiate cross-country meet held here today.

R. H. Baker, of Bates, covered the five mile course in 32 minutes, 37.4 seconds. Raymond of Maine came in second, in 33 minutes, 4 seconds. Next in order came Goodwin of Bowdoin, Bernard of Maine, Herlick of Maine, Philbrook of Maine, and Costley of Colby.

The results by points:

University of Maine 27

Bates 21

Bowdoin 10

Colby 8

Referee, O'Connell of Portland.

ARRESTED FOR PORTLAND HOLDUP

(By Associated Press)

Portland, Me., Nov. 7.—A discharged soldier Joseph Williams of Goshed, Tex., was arrested in Portland today charged with one of the two men who held up five men at the Goldhorber store on Thursday evening.

SABBATH CONFERENCE PROGRAM

The program of the Sabbath Conference, to be held in Concord on November 15th, is out, and gives promise of a meeting of unusual interest and wide influence. The Conference is a unique gathering of an all day forum, for the reevaluation of the Sabbath, and for the consideration of problems affecting the Sabbath legislation. Delegates are expected from all over the state. A limited number of places of entertainment are provided, and can be obtained upon early application to Rev. Edward A. Tuck. The program, which follows, covers a wide range of topics and speakers.

TUESDAY MORNING

9:30 o'clock, Devotional. Dr. George H. Reed. Enrollment; Announcements.

REPUBLICANS WIN ON FIRST TEST VOTE

(By Associated Press)

Washington, Nov. 7.—In the first test of strength on the reservations to the League of Nations, the Senate today, by a vote of 48 to 19, to strike out the provision which would require acceptance of the reservations by the other powers, the Senate rejected the offer of "Powers" by the Senate.

The Senate also rejected a proposal by Senator Borah, republican, Idaho, to require that all four instead of three of the great powers be required to accept the reservations. On this vote the joint reservation group of Republicans swung over with the Democrats.

The vote was in regard to the preamble of the Senate's report which follows:

The committee reports the following reservations and understandings to be made a part and a condition of the resolution of ratification, which ratification is not to take effect until the United States until the said following reservations and understandings have been accepted as a part and a condition of said instrument of ratification by at least three of the four principal Allied and Associated Powers, to wit: Great Britain, France, Italy and Japan.

The first of the reservations offered by the Foreign Relations committee, providing for the withdrawal from membership, Senator Thomas, democrat, moved to strike out the provisions which would make notice of withdrawal by a concurrent resolution of Congress and debate was in progress on this motion when adjournment was taken.

The best claim made by the Administration forces is that the treaty will become so wedged in a deadlock that a compromise will be reached in time.

GOVERNMENT UNCHANGED ON COAL STRIKE

(By Associated Press)

Washington, Nov. 7.—The government policy is unchanged and it will proceed with its plans until the striking miners call off the strike, was the only command that Attorney General Palmer would make after he had held a conference with President Coolidge, Vice-President Wall and Secretary Morrison of the A. P. of L. He likewise refused to discuss what was said at the conference.

SHIFT OF WIND SAVES COTTAGES

The fact that the wind shifted more to the north and moderated, saved the remaining section of White Rock dis-

trict of Hampton Beach from being swept away entirely.

After the havoc of the morning tide when fourteen houses were carried away, the owners and the Coast Guard crew from Station 16 removed from sixteen cottages which had been undamaged all of the furniture and things of value, as it was expected that they would go out on the night tide. The tide however was five inches lower than the high tide of the forenoon and no damage was done.

The Coast Guard report a very high sea was running and if the wind freshens from the east again more trouble can be expected.

The tide and seas of Friday forenoon swept across the beach and piled the sands and rocks all over the railroad tracks and in some places two feet deep. A snow plow with a large crew of men are at work trying to clear the tracks so that service may be resumed.

STORM DOES GREAT DAMAGE AT CAPE COD

(By Associated Press)

Highlands, Mass., Nov. 7.—Storm tide have caused much damage all along the Cape Cod. Not since the storm of November 1898 has the wind and sea reached such heights as have prevailed since Tuesday. High tides swept in by gale of wind from forty to seventy miles an hour have swept the coast guard watch houses to sea and made great inroad into the cliffs in some places as deep as forty feet. New lines of breakers have been formed off shore and several cottages are on the verge of dropping into the sea.

FACULTY HAVE JOINED THE UNION

(By Associated Press)

Missoula, Mont., Nov. 7.—More than one hundred members of the faculty of the University of Montana have become members of a new faculty union. No. 120 affiliated with the American Federation of Labor and a salary schedule will be made up. It was declared that there is no strike clause in their charter.

Pittsburg, Kan., Nov. 7.—A resolution overwhelmingly opposing a union of teachers to be affiliated with the American Federation of Labor in adopted at the Kansas Teachers Convention here today.

NAVY TO PLAY FOR FOOTBALL CHAMPIONSHIP

(By Associated Press)

Washington, Nov. 7.—The football championship of the Atlantic Coast naval stations will be decided at a game in Washington on Thanksgiving Day. Secretary Daniels outlined the plans made ready by the Navy Department for an elimination series of games the winners to play in Washington. In the series will be the game Saturday between the teams of the Utah and Pennsylvania, in Boston.

MANY HEAR ABLE ADDRESS

Bishop Hughes the Speaker at
Special Service at Meth-
odist Church.

Thursday afternoon a helpful service was held at the Methodist church. The devotional hour was conducted by Rev. P. E. Levels of Somersworth. District Superintendent T. R. Hicks of Dover then took charge of the meeting. Rev. L. J. Morse of Dover gave a very helpful address on "The Evangelistic Motive." Rev. Elmer P. Newell of the local church told of successful plans for "Organizing the Church for Evangelistic Work." Rev. C. L. Corliss of Rochester gave an able and practical message on "The Place of Prayer in Evangelism." District Superintendent Hicks closed the service with an earnest appeal to the membership of the church to rise to "The Supreme Task of the Hour."

Supper for out-of-town people was served at the church under the auspices of the ladies' Aid, a season of pleasant sociability followed.

At the evening session after a short praise service conducted by Y. M. C. A. Secretary L. C. Schmalz, the Scripture was read by the local pastor. Prayer was offered by Rev. Roger Thompson of Hampton. Mrs. George S. Chaffee rendered a fine solo and then District Superintendent Hicks introduced Bishop Hughes as the speaker of the evening.

After graciously extending words of greeting the Bishop spoke on "The Responsibility and Opportunity of Laymen in the Work of the Church." He said that with the beginning of the church until now much of the great work of the church has been committed into the hands of the laymen. He spoke of the four departments of church work—Faith, Law, Ritual and Prophecy and the lineage of each of these departments reaches back to a layman, not a priest. In faith Abraham was the father of the faithful in law Moses was the medium through whom law was given to men, in ritual worship David gave us the ritualistic form we use so largely today and in prophecy practically all the great prophecies of Old Testament were laymen.

The priests had largely brought about the worship of empty form which became an often an abomination to God. In the New Testament the twelve apostles called were laymen, not a priest was included, yet these laymen preached some of the most inspirational sermons to be found in the New Testament. There was Stephen for example who leaped as by one bound from the office of a deacon to become a great preacher of righteousness. The New Testament makes no distinction between the preaching of the laymen and the preaching of the priests and it was when the priests began to shut off the laymen from preaching that the dark days came on. St. Francis of Assisi and others like him made possible the return of lay preachers but it was really restored to the church through men like the Wesleyes.

The Bishop then spoke enthusiastically of the great campaign now on in the churches and said if real success was to be achieved it would be brought about largely through the work and devotion of the laymen. We might just as well have expected to have won the war without the private soldiers—although he paid high tribute to the worth of the great generals and leaders in the war—as to expect to win in this great evangelistic campaign without the work of the laymen.

The Bishop then told of practical instances where men in the church had won other men to the church that the speaker himself might not have reached because of the common-sense thinking of some men from the personal contact with professional men. He commended the hospitality sometimes of the dinner table extended to a lonely man by some Christian layman which often won that man when a sermon of itself might have failed to do so.

It was a strong, helpful appeal to the laymen of the church to engage in the biggest business in all the world, that of helping to win other men to the good.

There was a large appreciative audience present, some people coming from surrounding towns and all were much pleased of the opportunity to hear Bishop Hughes.

IRELAND TO RESTRICT AUTO SALES

(By Associated Press)

Dublin, Ire., Nov. 7.—A proclamation forbidding the ownership of an automobile or a motor cycle in Ireland except by special permission, was announced today, the same to take effect on Nov. 15.

MISSION SERVICES END SUNDAY
EVENING

The mission services at St. John's church will be held Saturday evening

and the services will end on Sunday evening. Every one is invited to meet what their belief or unbelief. The services are simple and congregational singing is used altogether. Father Officer is a remarkable preacher and one cannot but feel helped in trying to live the Christian life after listening to his inspiring sermons and instructions.

CLAIMS U. S. MUST SAVE ARMENIA

(By Associated Press)

Geneva, Nov. 7.—A cablegram has been sent to President Wilson and Vice-president Marshall from the Friends of Armenia Federation, urging that the United States accept the mandate for Armenia so that they will not be lost as a nation.

LOST NAVAL BRIGADE FOUND

(By Associated Press)

New York, Nov. 7.—A lost brigade consisting of one hundred enlisted men of the aviation section, was discovered today by W. P. Larkin overseas secretary of the Knights of Columbus. They are at Montauk Point and because their service records are lost they stand no chance of being discharged. The men according to Mr. Larkin are being held virtually prisoners and are not allowed to spend even their pay. As soon as they were discovered a secretary with cigarettes and other supplies was sent to them and efforts will be made to expedite their discharge.

PRINCE OF WALES WILL COME ON ARMISTICE DAY

(By Associated Press)

Washington, Nov. 7.—Secretary Lansing and other government officials will greet the prince of Wales at the International Border on his visit to this country. He is expected in Washington on Armistice day and he will be met at the Union station by Vice-President Marshall acting for President Wilson. He will be driven with a military escort to the Belmont residence on New Hampshire avenue which has been made ready for him during his stay in Washington.

The official program includes a visit to the White House, to Mount Vernon and to the Naval Academy. Major General Hiddle who was in command of the U. S. troops in England, will be assigned as the Prince's aid de camp while he is in this country.

JAPAN MAKES REPLY TO U. S. NOTE

(By Associated Press)

Tokyo, Japan, Sunday.—The Japanese government to the note forwarded by Washington in September making the complaint of the lack of cooperation of the Japanese troops with the American troops in Siberia, draws forth a sharp distinction on the part of Japan from protecting property of lives from receiving orders from the inter-allied Railroad commission headed by an American. The note which bears all the marks of having been very carefully prepared claims that Japan has no in-

All-on-One-Floor Heating \$107

Reduces living costs for the small home!

Where two or more families occupy a building and there is no janitor service available, this arrangement of separate heating outfits (consisting of an IDEAL-Arcola Radiator-Boiler with a few AMERICAN Radiators connected thereto) offers a fine solution. Each tenant easily takes care of his simple heating outfit on his own floor without going to the cellar (if there is a cellar) to attend to the fire. Each tenant controls the heat to suit his own needs. The piping is ordinarily run out of sight between walls or under floors.

New IDEAL-Arcola Radiator-Boiler

Puts IDEAL Hot Water Heating comfort at low cost in "deckers" or flats, bungalows, stores and shops, with or without cellars

Even the \$15 a month tenant would be glad to pay \$1.50 a month extra for this IDEAL Hot Water Heating, as it would save the tenant investing six times that amount in a short-lived stove with its one-room "spotty" heating. Does away with the annual blacking, taking down and storing of stoves. And the \$1.50 a month increased rental is good interest to the building owner and secures him a better satisfied, longer-staying tenant. The IDEAL-Arcola is therefore an investment, not an expense—as it will outwear the building itself.

Investigate at once this IDEAL Heating bargain!

Each tenant controls the exact degree of warmth his family prefers or needs—makes his own indoor climate! The IDEAL-Arcola requires no cellar. Same water is circulated over and over for many years! There is no danger to children or fire risk to building, as the iron surfaces do not get red-hot like a stove, nor can the Arcola be overturned or a leg kicked out. Stops all coal-waste—thus bringing heating costs down to lowest notch.

Greatest comfort, cleanliness, heating, saves work and worry, protects family health, saves doctor bills and repair bills. The coal-saving soon repays original cost. Put quickly into OLD or new buildings. Phone your local dealer today.

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Radiator-Boiler in position will be mailed (free). Write today

Portsmouth, N. H., Saturday, November 8, 1919.

A Stain on America's Escutcheon.

Most people will be surprised by the statement that there are more murders in the city of Chicago every year than there are in England, Scotland and Wales combined. Chicago has a population of 3,000,000 while that of the countries mentioned aggregates 40,000,000, and yet in the crime of murder the American city exceeds them all.

It is a startling statement, but not an idle one. It comes from Edward W. Sims, president of the Chicago Crime Committee and former United States district attorney, and was made before the Chicago Association of Commerce. He said that last year Chicago averaged one murder a day.

No one will charge Mr. Sims with an attempt to blacken the reputation of his home city. No decent man desires to do such a thing as that. It must be believed that Mr. Sims was speaking seriously on a very serious matter in the hope that steps may be taken to remove the odium that must rest upon any municipality which runs up a list of 365 murders a year. In the course of his talk Mr. Sims said: "Crime in this city is as highly organized as a mail-order business. There is not a police captain in the city today who, backed up by the prosecuting authorities and the courts, cannot reduce crime in his precinct 50 per cent in thirty days if he wants to. Crime conditions in Chicago are appalling."

This paper has on more than one occasion commented upon a fact established by statistics, which is that the crime of murder is more prevalent in the United States than in any other civilized country in the world. It has attributed this condition to the lax method of dealing with murder cases here, a method that is perfectly familiar to the public. In many cases it takes two or three trials and from one to three years to dispose of a murder case, and in many instances the outcome is, rightly or wrongly, regarded by the public as a travesty of justice. When sentences of death are imposed, they are in a majority of cases commuted to imprisonment for life, and pardons of murderers have been becoming more and more common in recent years.

There can be no doubt that these things have their effect on the criminal element and result in an increase of crime which is such as ought to set the people of this country seriously to thinking. The United States has many things to be proud of, and it ought to be heartily ashamed of leading all the nations of the world in the crime of murder.

What Mr. Sims said with reference to the prosecuting authorities and the courts should not be overlooked. When he says that the officers, properly backed by these forces, could reduce crime 50 per cent he points to a weakness in our system which should be strengthened with all possible alacrity.

It will have to be admitted that Chicago's record is worse than that of the average American city, but the murder record of the entire country is nothing short of disgraceful. The only hope of improvement lies in a more thorough enforcement of the laws, and the sooner the people realize this fact and demand proper action on the part of the authorities the better will it be for the safety of life and the reputation of the country.

The question of what would become of the great brewery and distillery properties in case prohibition should become effective bids fair to be solved without difficulty so far as this city is concerned. It looks now as if two brewing plants here would be put to profitable use, one in the manufacture of automobile bodies and the other as an ice making and cold storage concern. "No beer, no work," doesn't apply to Portsmouth just yet.

Col. Theodore Roosevelt is doubly entitled to congratulations. On the morning of November 4 a son was born to him, and before the polls closed he was elected a member of the New York Legislature, the body in which his father had the honor to serve early in his illustrious career.

The labor leaders say the miners would be ready to arbitrate if the government would vacate the injunction, and the government says it would be ready to negotiate if the miners would go to work. "S' there ye are," as Mr. Dooley was wont to say.

Many parts of New England have been whitened with snow in the last few days as a gentle reminder of what is to come, coal strike or no coal strike. The New England climate is no respecter of conditions in the fuel fields.

There is now talk of an industrial commission to deal with the present "unrest." Get ready for another fat appropriation.

Governor Coolidge of Massachusetts declares that state is "American." It looks very much that way.

COOLIDGE BOOMED FOR VICE PRESIDENT

Springfield, Ill., Nov. 8.—In a keynote speech here last night, launching the candidacy of Governor Frank O. Lowden of Illinois for the presidency

GOVERNOR CALVIN COOLIDGE of the United States, Representative William A. Hodenbourg, of Great St. Louis presented to the Illinois Republican Editorial association the name of Governor Calvin Coolidge of Massachusetts as a running mate for Lowden. The mention of Governor Coolidge's name brought a storm of applause.

EDITORIAL COMMENT

It Opened The Ball
(From the Lowell Courier-Citizen)
In view of its good first-town publicity for Coolidge many a motorist will be glad to plan his next trip north of Boston so as to get a notion of what Norway looks like.

No Open Season For 'Em
(From the Portland Oregonian)
Occasionally you meet a fellow who says he likes cold weather, and you cannot kill a bird.

The Public's Need in Hotels
(From the Providence Journal)
The city of Providence, having contemplated for a long time about its lack of sufficient modern hotel accommodations, is suddenly faced with the prospect of having two great new hotels built—one by the Stetters and one by the company which owns the Commodore and various other hotels in New York. The first-class hotel seems to be going along its triumphant way in spite of prohibition. Perhaps there is even greater public need of the less luxurious hotel of thorough modernness, but more modern prices.

An Un-Moral Fable
(From the St. Paul Pioneer Press)
Employees of a large industrial concern in the down-town district of St. Paul had a social gathering the other night in clubrooms at the plant. The head of the company thought it would be a nice thing to look in on them and mingle with them socially for a while. He drove downtown in his car, but when he reached the building he could find no place to park. The curb in all directions was lined with automobiles. And so the poor employer had to drive on, and having nothing else to do, went home to read the latest articles on the oppressed condition of the working classes, and to ponder over the great problem of how to check the rising cost of living.

For A Single Air Service
(From the Boston Transcript)
But little weight should be given to General Pershing's plea to Congress that the air service of the Army should be entirely under the control of the War Department. The arguments which he advanced for a separate Army air service are far outweighed by the arguments for a single air service to assume control over Army, Navy and civilian aviation. The establishment of an "air ministry" similar to those already in operation in the leading European nations would guarantee proper development of all branches of aviation. The air strength of the nation would be in the hands of a central authority, and its efficiency, both as regards use in war and in peace, would be immeasurably increased.

The experience of our air service in France establishes beyond doubt the necessity for a coordination of all the factors that make up power in the air. The American Expeditionary Forces were seriously handicapped by failure of the Army Air Service to function as it would have if it had not been under exclusive control of the War Department. The lack of coordination between the producing departments and the flying forces resulted in severely handicapped its development as a fighting arm.

The enlightened opinion of Aviation experts agrees that the national defense demands the establishment of a single air service. Such a service will offer attractions to men of ability which are lacking in the present air service in the army. Such centralization is indispensable to the development of aviation in the United States on terms of equality with Great Britain, France,

THUMB-NAIL SKETCHES OF PERSONS YOU OUGHT TO KNOW

MISS MAUD ISABEL ENTWISTLE.

Miss Maud Isabel Entwistle, daughter of former City Marshal Thomas Entwistle of this city, who has been in New York several weeks attending rehearsals, started out on Monday in the play, "The Prince," written expressly for her and in which she stars. The play centers around an actress who is out of employment. She goes to an agency looking for an engagement, and there meets an old friend whom she played with in a stock company a few years ago. They go through a scene together and a theatrical manager who is sitting in the front of the hall is so impressed with the talent shown by the players that he engages them for his company. In the play Miss Entwistle has great opportunity to display her ability as an actress, as her part goes from gay to emotional and then to tragic and she is equally good in all.

Miss Entwistle opened her season most auspiciously at Red Bank, N. Y., and is booked to tour New York state. Her many friends in her home city are pleased to know she is winning laurels in her chosen profession.

(Photo by Staples)

Italy and Japan. Equality with other nations in air strength is as necessary for national safety as equality in the strength of the Army or the Navy.

"Ladies Who Have Smoked With The Prince"
(From the Toronto Telegram)

From Kingston comes a tale of the girl who after the dance in which she had been the Prince's partner was offered a cigarette by His Royal Highness.

"No, thank you," she said. "I don't smoke."

"Do you mean you don't smoke in public?" asked the Prince.

"No, sir," was the answer. "I mean I don't smoke at all—I don't believe in it."

"There are a great many others like you," said the Prince, and then with a smile he threw his own cigarette away. That Canadian society has adopted the continental fashion which passes the cigarettes to women guests is quite evident. But it was noticed at the Hamilton ball that the only partners of the Prince who joined him in a cigarette between dances were two young matrons, Mrs. Billy Southern and Mrs. Allan Young.

Query: When will the papers start a new series of pictures to outline even the royal dance partners? "Ladies who smoked with the Prince?"

An Important Factor
(From the Worcester Telegram)

Ned Curtis is the man who did it all. He's the man with the clear mind and with the grip.

Whatever may be one's opinion of the Boston cop disgrace, everybody must admit that Curtis has the mind and the punch. Some day, soon, nominate him for governor and get 100 per cent brains.

NAVY YARD NOTES

Goes to Coast Guard.
An 88-foot tug, No. 65, that has been doing duty at the Charlestown yard, has been turned over to the Coast Guard service.

Got Away With Junk.
A boatwain and a boatwain's mate are being tried by court-martial at Charlestown, on a charge of larceny of a load of junk while they were on duty at the Commonwealth Pier.

Mine Sweepers on the Way.
Seven of the mine sweepers that have been engaged in the North Sea, and now on their way to Portsmouth, are expected to arrive at Bermuda today or tomorrow. A number of submarines that are being conveyed back

are expected about the same time.

Attending Convention.
Misses Mae Nagle, Ellen Kennedy, Josephine Dunne, Sarah Nolan and Mildred Green, attached to the District headquarters at Boston, left on Friday to attend the American Legion convention at Milwaukee.

Commanding the Strblbling.
Lieut. Comdr. L. J. Jordan, a former Industrial Department officer at the local yard, is commanding the destroyer Strblbling, now here for overhauling and repair.

Want to Make it Holiday.
A request has been sent to Washington from the Charlestown yard requesting that Armistice Day be declared a holiday for the employees there.

Still Want Helpers.
The Industrial Department has work for quite a few more general helpers in the public works branch.

Inspector Here.
Commander Dinger, Inspector of machinery at the Fore River Shipbuilding plant, is at the local yard today witnessing the working of engines and other machinery on the Submarines S-4 and S-5.

Taking a Vote on It.
A vote is being taken today among the yard workmen to decide whether or not they will work on Armistice Day.

Clemency Periods.
Lieut. Comdr. Thomas M. Osborne has recommended a clemency period for prisoners during the holidays of Thanksgiving and Christmas, which is in the hands of the navy department for approval.

Acting Survey Officer.
Carpenter W. J. Waterworth of the Industrial Department, has been detailed as survey officer to succeed Lieut. Heath, who is confined to the yard hospital for treatment.

Takes Command of Southery.
Lieut. Edward Heakes, commanding the receiving ship Southery was relieved of that command at 11 o'clock this forenoon by Lieut. David White. Lieut. Heakes will give up his residence in this city and return to Hollywood, California.

Will Have Prison Service.
The Salvation Army from this city will conduct a service at the naval prison, Sunday evening.

Enlists as Apprentice.
Harvey A. Kingsbury of Bath enlisted as apprentice seaman on the U. S. S. Southery today. He was sent to Newport training station to begin his training.

ASK THAT PROCEEDINGS BE POSTPONED

(By Associated Press)
Indianapolis, Nov. 8.—The United Mine Workers of America through their attorney Henry Warrum asked at the opening of the U. S. District court today that the proceedings be postponed a week or ten days in the hope that meanwhile the strike might be settled. The government through C. B. Ames, Asst. Attorney General, objected and the court thereupon took up the motion to dissolve the injunction. The government's position was that the case was too important to admit delay.

Indianapolis, Nov. 8.—The attorneys agreed that in ruling upon the motion for dissolution of the restraining order the court might also rule on the question of issuing an injunction as prayed in the petition filed last week by the government. Mr. Ames then offered affidavit from H. D. Spencer and Maxon Underwood, of the Railroad Administration, as to diminishing coal supplies and diminishing financial returns from operation of the railroads. "Taken together these affidavits show," said Judge Ames, "that the government is operating the railroads now at a loss which will increase with the diminution of supplies for operations."

PEOPLE'S OPINIONS

Speaks a Good Word for the Coast Guard.

Editor of The Herald:
In the columns of your good paper the past two evenings is a discussion about the Coast Guard men. I certainly have been very interested. I have been very closely connected with those men in the summer months for a good many years, and to my mind there is not a class of men in the service today who deserve any more credit than they. When we are snugly tucked in our beds in the bitter cold winter they page the beaches and are a friend to all who own property on the seashore. They are guarding our shores at night when we are enjoying ourselves in other ways.

Many of us older people remember when those stations along this coast were manned, and if our memory serves us right we can remember many rescued and lives saved, but most of those older men are retired or have passed on to their reward where they are on the Honor Roll of which there is no discussion as to their eligibility.

The service has been revised a good many times since those days. It was then the Life Saving Service, but at the time when the old men were granted a pension, it was then another service.

We all know and have heard of the Revenue Cutter Service, that is now the Coast Guard. The Revenue Cutter, and the Life Saving Service is one and is known as the Coast Guard.

You all know (perhaps some do not) that when the storms at sea disable our ships, man-o-war or Merchant, the S. O. S. is sent out for the Coast Guard and it is only those of us who know something about it who know what it means.

You will remember only a few weeks ago the Oshes was called out of dry dock twice while being overhauled to answer and help some ship in distress. Their work did not begin with the war and did not end with the war. It goes on night and day whether we know it or not.

The men on the stations along the coast were not called to go on those boats. Their time had not come any more than the boys in the various camps went to France, but the Coast Guard men are a Johnny-on-the-spot.

Your Tailoring Needs for Thanksgiving

Men are finding our selection of wools so satisfactory and extensive that they are not only ordering clothes now for Thanksgiving but also anticipating their tailoring needs for the entire winter—made to their measure by

OUR CHICAGO TAILORS.

The values we show certainly warrant it and no matter what price suit or overcoat you select, a fit is guaranteed.

Priced \$30 and Up.

PARSONS THE HATTER

when the time and call comes.

It may also be of interest to many to know that the Coast Guard lost the greatest percentage of men of either army or navy in the world war.

Why did we not hear more about it? If those men were called out against their wishes we would know all about it. How brave these men.

From One Who Knows but Not For Any Service.

Why All This Rage?
Editor:
A communication of Nov. 7, printed in the Herald bearing the signatures of five people, relative to the Yeomen (F) and their services during the war, must have emanated from some party or parties, filled with disappointment and animosity.

It is hard to understand why those concerned in the writing of the communication should get into such a rage over the Yeomen (F) who have not bothered themselves, so far as we are concerned, during the war, must have emanated from some party or parties, filled with disappointment and animosity.

It is hard to understand why those concerned in the writing of the communication should get into such a rage over the Yeomen (F) who have not bothered themselves, so far as we are concerned, during the war, must have emanated from some party or parties, filled with disappointment and animosity.

DECLINE IN WORLD'S SUGAR PRODUCTION

London, Nov. 5.—A decline in the world's sugar production of about 10 per cent, as compared with the season 1913-14 was registered during 1918-9, according to figures issued by the official Board of Trade Journal. But for the increase in the Cuban output, from 2,000,000 tons in 1913-4 to an estimated 4,000,000 tons in 1918-9 the decline would have been much more serious, says the Journal.

The world's production of raw cane sugar, excluding the Indian crop, which is consumed locally, rose from 7,500,000 tons in 1913-4 to 9,700,000 tons in 1918-9, an increase of 2,200,000 tons. In the case of raw beet sugar, however, production dropped from 8,900,000 tons to 4,300,000 a decrease of 4,600,000 tons. On balance, therefore, there was a deficiency in the world's supply of sugar in the season just ended, compared with pre-war supplies, amounting to approximately 2,400,000 tons.

JAZZ WHIST PARTY.

Mrs. Sherburne S. Wendell entertained a party of friends at her home on South street last evening, in honor of Miss Helen B. Horne from Maine, who was visiting her.

The event was something of a novelty, being a combination of jazz dancing and whist playing. The first whist prize, which was a brush studded with brilliants, was won by Miss Ellen Duley. The consolation prize was won by Miss Marion Condon and consisted of a dainty vanity case.

Miss Agnes McIntyre gave an exhibition dance, and Mrs. Ethel Hill rendered a vocal solo, after which there was general singing and dancing.

Refreshments of ice cream and assorted cake and cookies were served by the hostess.

Those present besides Miss Horne included Mrs. Ethel S. Hill, the Misses Lucie Gorman, Marion Condon, Beatrice Tuttle, Agnes McIntyre, Ellen Duley and Catherine Coughlin.

"STUFFY" M'INNIS SIGNS UP MAN AT NAVAL PRISON

"Ken" Haliday to Get Try Out With the Philadelphia Americans.

John (Stuffy) McInnis, the well known first baseman of the Boston Red Sox, who was a recent guest of Mr. and Mrs. William J. Duffy of this city, appears to have had something else besides a social call in his visit.

He conferred with Mr. Duffy, the Athletic manager at the naval prison, regarding Kenneth Haliday, a yeoman and a most promising ball player, with the result that Haliday has been signed up for the Philadelphia for the season of 1920 as a pitcher.

Haliday comes from Newton, Mass., is 20 years of age, 5 feet 11 inches in height and weighs 148 pounds. He has played much college ball and has a fine record at football and other athletic work on the field and track. Duffy managed Haliday the latter part of the past season in and around Greater Boston and his work on the diamond attracted wide attention.

SALVATION ARMY

Lieut. Sydney Jones, who is assistant of the Salvation Army Corp in Augusta, Me., and Cadet Penney will lead the meeting on Sunday evening.

Mrs. Adam deltochemont has been passing several days as the guest of her sister in Manchester.

CAPLAN IS HELD IN \$100 IN LAWRENCE

(By Associated Press)

Lawrence, Mass., Nov. 8.—Line Caplan, leader of the last strike of textile operators here, pleaded guilty in court today of violating the city ordinance by causing circulars to be distributed. He was ordered held in \$100 bail pending a decision as to whether he will be accused of violating the anti-anarchist law, the circulars distributed here yesterday calling for a celebration of the anniversary of the Russian revolution by the workers of Lawrence.

PERSONALS

H. E. Brackett of Boston is a visitor here for the week-end.

William Martin completed his duties at the Shattuck yard today.

Frank Connors of Haverhill, Mass., was a visitor here on Friday.

Dr. H. E. Davis of Portland, Me., is passing a few days in this city.

H. C. Baynes, general manager of the Atlantic, is in Boston attending a meeting.

Samuel Gerrish of Haverhill, Mass., formerly of this city, was a visitor in town today.

Clayton P. Magridge of Boston will pass the week-end at his former home in this city.

Mrs. Robert Gove has returned to Boston after a week's visit with her sister, Mrs. Gustave Peyser.

Mrs. J. G. Taylor, who is visiting in New London, was the honor guest at a whist party on Tuesday evening.

Civil Engineer G. C. Shedd and Mr. Walker of the L. H. Shattuck Co., Manchester, were visitors here today.

County Solicitor William H. Sleeper of Exeter was here on Friday on business connected with the superior court.

T. W. Henshaw has moved here from New London, Conn., and taken residence on Purpale Way, Atlantic Heights.

Michael Penney, a member of the Salvation Army band, is to leave this city, Nov. 19, to take on Salvation Army work with some other corps.

Lester M. Noel, son of Mr. and Mrs. L. Noel of Elwyn avenue, was sent to the Portsmouth hospital on Saturday morning to have his tonsils removed.

Edward J. O'Connor of the Atlantic Corporation office force, left on Saturday with a party of friends on a hunting trip in northern New Hampshire.

Kenneth Knowles, who attends Boston College, has gone to Waterville, Me., today, for the week-end, with the Salvation Army provisional band of Boston.

Harold B. Wendell, who is employed by the Equitable Life Assurance Company, has concluded his duties in Cleveland and returned to the home office in New York.

William W. J. Murphy who has been in the Portsmouth hospital for the past month following a surgical operation, has been discharged and is now at his home on Vaughan street.

City Auditor N. T. Wright left on Saturday morning for Minneapolis where he will attend the National Convention of the American Legion as a delegate from New Hampshire.

Mrs. Bonniere Kelley of Newton, Mass., is the guest of Col. H. Clinton Taylor and family over the week end.

Miss Eva Roby has been called to Pittsfield, N. H., by the illness of her sister.

Major Wilgery of Portland, Me., who has charge of the Salvation Army for Northern New England, was in this city yesterday to inspect the books of the local Salvation Army Corps. He found everything in good condition and that good progress was being made in the work of the organization.

MOTHERS' MEETINGS AT KINDER-

GARTENS.

At a mothers' meeting at the Lafayette

kindergarten on Friday, Miss Be-

tha Colburn outlined the program for

the year and a typical story for chil-

dren was told by Miss Margaret Hunt,

kindergarten. Refreshments were served and a social time enjoyed. A good number of the mothers of children were present and showed much interest in the subjects presented.

Three mothers' meetings have been held this fall and all with good results. On Oct. 30 at the Manning kindergarten, Mrs. Du Miller, the school nurse, spoke on her work at the schools and made useful suggestions regarding the care of the health of children. The first meeting was held on Oct. 23 at the Cabot street kindergarten, when Supt. Clayton of the local public school spoke on the work of the kindergarten.

BULGARIAN DELEGATES AT SOFIA

Sofia, Bulgaria, Nov. 5. By courier to Paris.—The Bulgarian peace delegates, headed by M. Todoroff, Prime Minister, arrived here today. They were met at the station by a delegation of persons from the city of Constantinople whose leader carried the Bulgarian national colors draped in mourning. The peace delegates were dressed in deep black.

King Boris met the delegates near the Bulgarian border and accompanied them to the capital. The members of the party seemed to feel a sense of humiliation at having been kept under constant surveillance in Paris, but showed no disposition to be severe in their comment on their reception by the Allies.

A proclamation was issued ordering all restaurants, cafes and places of amusement to close their doors at 8 p. m. and counseling the people to refrain from demonstrations against the peace terms.

WILL DEPORT ALL ALIENS

(By Associated Press)
Washington, Nov. 8.—Deportation of all aliens engaged in "red" activities has been determined upon by the Department of Justice, Attorney General Palmer announced today. Details of the widespread clean-up of radicals last night and today show that more than 200 were arrested in 48 cities. Mr. Palmer has asked the department of labor to deport all of them.

OBITUARY

William Marvin.
William Marvin of New Castle died Friday, Nov. 7, 1919, at the age of 79 years, having been born August 6, 1840, on Marvin's Island, this city, the son of William and Martha Bell (Amazeen) Marvin. He is survived by his widow, two sons, William E. Marvin of Portsmouth and Elton Scamler, Oliver B. Marvin of New Castle; and two daughters, Mrs. Thomas L. Varrell of Rye and Miss Ruth Marvin of New Castle, besides numerous grandchildren.

Mr. Marvin was one of Portsmouth's old time business men, having for many years carried on the manufacture of cod liver oil through the firm of Marvin Brothers & Bartlett, of which the other members were his brother, Thomas E. O. Marvin, and James E. Bartlett, both deceased.

He retired from active business a number of years ago and removed to New Castle, where he has since resided.

Mr. Marvin's length of years enabled him to participate actively in the affairs of three generations, and his simplicity, kindness, dignity and

kindness of judgment, held the love and respect of all three.

The funeral services will be held from his late home in New Castle Monday afternoon, Nov. 10, at 2 o'clock. Friends invited.

change is made at this time mainly to benefit Captain Lawrence's health, as it is thought a place inland would be beneficial.

There is a Salvation Army corps at Keene but almost no membership. It is rumored that Ensign Arnold Rochester is to succeed Captain Lawrence in this city.

EXPORT TRADE IS REVIVING

London, Nov. 5.—Export trade in British leather goods is reviving and manufacturers say they are hopeful of capturing the higher grade American markets.

An official of the International Shoe and Leather Fair, says that British manufacturers are pooling resources, markets and funds in an effort to increase export trade.

TRANSFERRED TO KEENE.

Captain William J. Lawrence, who has been in charge of the local Salvation Army Corps for the past three years, is to be transferred to Keene, this state, and with his family will leave for that place on Nov. 19. The

GOOD BOXING BOUT FOR NEXT WEEK

The boxing talent which the Rock-Incham, A. C., has booked for its show Wednesday evening has made a big hit with local followers of the game. This is particularly noticeable with the main bout as the principles are known as clean, clever, willing and aggressive boys, both possessing a sleep wallop in either mitt. Local sports who witnessed the great battle Gibbs put up with Billy Duffy of Everett in Mechanics Building, Boston, last August, the night Johnny Dundee shaded Benny Valgar in the feature bout, speak highly of Gibbs' way of fighting. He is a two-handed boxer full of action from the start of the bout, and as far as is just as aggressive as Gibbs the fans should witness one sweet bout. The rest of the card appears to be well balanced which makes the show look good from start to finish.

An amusing incident about the Gibbs-Duffy bout appeared a few days ago in one of the Boston papers. It appears that one of the Boston clubs were angling for this bout, when Billy Dwyer stepped in very quietly and told the boys up for the tournament here November 12th. From all accounts they were a surprised crowd down that way but the article, however, gave the local club a lot of credit for landing the boys notwithstanding the fact that Portsmouth put something over on Boston in this particular instance.

MAGAZINES NEEDED AT NAVAL PRISON

There is at present a great need of magazines or other reading matter at the Naval Prison for the men there confined. If any one has any magazines they are willing to contribute with their kindly hands them at the Y. M. C. A. building on Congress street and they will be sent to their destination. It is hoped there will be a good response to this appeal. There are many people who have late magazines lying around in their homes that they have read and have no more use for. Kindly see that some of these are left at the Y. M. C. A. for men at the prison.

TAKES POISON BY MISTAKE

Portland, Me., Nov. 7.—Miss Octavia Frye Lombard, 21, of the sophomore class of Gorham Normal School, and only daughter of Mr. and Mrs. James W. Lombard of Brighton, died at a local hospital Thursday as the result of taking blepharide tablets by mistake for headache tablets. She had just returned from the teachers' convention in this city last Friday afternoon, when she was found semi-conscious in the bath room of a dormitory in the Gorham school. Miss Lombard was one of the leaders of her class, and also well known in musical circles as a soprano soloist with the Saco Valley Festival Chorus.

OBSEQUIES

Edward W. Austin
The body of Edward W. Austin was taken from his home at Kittery Point to Ellsworth, Me., for services and interment under the direction of Undertaker A. J. Treatler.

Mrs. Nancy S. Badger
The funeral of Mrs. Nancy S. Badger was held from the home of her son Charles A. Badger on Wednesday afternoon at 2 o'clock. Rev. L. H. Thayer conducted the service, and Mrs. Mary Priest sang "It Singeth Low" and "Another Hand is Reckoning On".

The hearers were the four sons, William H., Charles A., Daniel W., and Frank W. Badger and the interment was in Newington Cemetery under direction of J. Verne Wood.

If you would find work you must ask for it. Put your application in the form of a Herald classified ad.

SCHOOLS TO OBSERVE THE DAY

Superintendent Stanton of the public schools has issued the following instructions for the observance of Armistice day in the local schools:

As a most fitting observance I suggest that a general assembly of parents, teachers and scholars be held at 2 o'clock, November 11 at every building in town. If the weather is fair the entire company may gather upon the play ground. A special invitation should be extended to all men who were in the service to be present. It is hoped that, regardless of invitation, service men will feel perfectly free to come to the school building in their neighborhood to participate in this observance. The morning session will be held as usual; the afternoon session will be dismissed at the close of the memorial exercises.

However brief or extended the program may be let every scholar receive the impression that the day is consecrated to the memory of the brave men and women who gave their service, even their lives in many cases, for world peace and for their native land.

Fathers and mothers can in no better way express their patriotism on this day than by joining their children and the teachers in this sacred observance.

DOVER

Dover, Nov. 8.—The Dover city government Thursday evening voted an appropriation of \$2,000 to entertain the soldier boys the first week in December, when it is expected that Gen. Clarence D. Edwards of Boston will be the principal speaker. A citizens committee will be added to the military committee so that all the citizens may welcome the soldiers back home. The entertainment will include a short parade. After the parade a banquet will be served at the Dover city hall. The city government gave the local post the use of the city hall for their memorial services to be held Sunday evening.

NASAL CATARRH

Though Very Common It Is a Serious Disease—Worse at This Season.

It is an inflammation of the mucous membrane, causing a discharge, and is aggravated by colds and sudden changes of weather, but depends on an impure condition of the blood. When chronic it may develop into consumption by breaking down the delicate lung tissues and impairing the general health.

Begin treatment with Hood's Sarsaparilla at once. This medicine purifies the blood, removes the cause of the disease, and gives permanent relief. It has been entirely satisfactory to three generations.

If a cathartic is needed take Hood's Pills—they cleanse the liver, regulate the bowels.

Has the World Gone Crazy?

Where Are Prices Going to Stop?

That's the universal cry. But is everyone doing their bit individually to help stem the tide? Are you, for instance, shopping as carefully for your next car as you are for your household goods? If not, you are helping to keep prices up, for there is nothing that gives more impetus to the vicious circle of price increase than the willingness of the public to pay.

Far Sighted People Will Buy Cars for Next Year's Use NOW.

The production of Dodge Brothers' factory will be much less than the demand. Many people who want cars for next spring may find their choice limited, if there be any choice, and prices appear twenty-five per cent above present prices.

ARRESTED AT HAVERHILL FOR RAYMOND RIOTS

Assaulted Policeman Gordon;
Indicted Here by the
Grand Jury.

On warrants issued by County Solicitor Stephen Augustus Foster, John Guerin and Matthew Gordon were arrested in Haverhill, Mass., on Thursday. The warrants allege they are fugitives from justice. The arrests are the outcome of indictments returned by the Grand Jury of Rockingham County for assault and plotting that occurred at Raymond, N. H., Saturday, October 18.

Foster is charged in the indictments with assault and rioting, while the other two are charged with assault.

It is alleged Foster, Guerin and Gordon were with a number of Haverhill people who went to Raymond Oct. 17, to attend a benefit dance for strikers at the factory of Chase & Cham-

berlain. Early the next morning it is alleged, a policeman named Gordon was attacked and was so severely injured that he will lose his sight.

After they were arrested Foster was admitted to bail in \$2500, while Guerin and Gordon were released on \$1000 bail.

BIG HOUSING PROJECT BACKED WITH \$50,000

Funds For the Housing Project Subscribed
and Work Will be Started---Important
Meeting of Chamber at the Rocking-
ham Hotel---City to Keep Pace With
Business Demands

The Chamber of Commerce have put across their housing project and at a meeting at the Hotel Rockingham on Friday evening the sum of \$50,000 was subscribed and plans made to make an early start on building homes for the people of this city who want them. That the people do want them was in evidence from the experience of the men at the meeting and it was rightfully said that the city could sell tomorrow 200 houses and rent as many more to people who are either at the present time housed in cramped quarters or who work here and have their families out of the city.

The meeting was presided by a speaker, the members of the Chamber being the guests of the Management of the hotel. It was a fine meeting well served and the entire meeting one of the best ever held by the Chamber.

The meeting was for the purpose of outlining the housing project and for securing the necessary funds to carry it thru with the aid of the liberal mortgages which the banks have promised to take. Preliminary meeting was held on Friday afternoon of the Executive committee of the Chamber, at which time the plans were outlined and a survey made of the situation.

President Frank A. Holden presided and got down to business by telling the members that this was the time to do business if they were to help with the prosperity of the city. He called on Mayor Hildon who is chairman of the Chamber committee on Housing and the Mayor outlined the plans that had been decided upon. The plan was to create a building corporation from among the Chamber members who subscribe to the building fund with each subscriber a stockholder.

The Mayor called upon Mr. Edwin Seybold who outlined the plan which was so successful in the Building Loan Association and he thought that the same plan could well be carried out in the housing project.

There was a general discussion during the evening and in this time it was brought out that the building project was not a pet scheme of anybody, but was being handled entirely by the Chamber of Commerce. That the building would not be restricted to any one section of the city, but that everybody would be given an opportunity if they wanted a house. A person already owning a lot in any part of the city could have a house erected if he would meet the requirements and at the same time be given the benefit of the big reduction which would come from building so many houses at one time.

This was an important point for some of the speakers brought out the fact that there were hundreds in the city who wanted to buy homes but the present high cost was frightening them, where as with the aid of the Chamber of Commerce they would be given every assistance. A member of the Navy Yard Association said that there were many men at the yard who had liberty bonds enough to build a house, but did not want to sacrifice and Mr. H. B. Doyton speaking for banks said that there was no need of any sacrifice and that they would be taken as security for the homes and held until paid up.

There were two architects present who were heard, Mr. Richardson of Dover who has the school house and central fire station, and Mr. R. S. Simmons of Boston who has one housing project of fifty houses under way and another of forty which his plans have

been accepted for. He gave a most interesting and instructive talk on the housing project thru the country and what they were meaning to the manufacturing companies and cities. He said that it was generally recognized that this country was a million houses short and a quarter of a million trade establishments, due to the lack of building in the past three or four years. He could not see any decrease in the price of building material or labor in view and thought that next spring there would be an increase. He outlined some of the methods used in some of the more important housing projects and showed views of houses and of layouts. Mr. Richardson also showed drawings.

Messrs Noel and Fears local contractors, and Mr. Shedd for the L. H. Shattuck Co., spoke on the building and the saving that could be secured from building so many houses at one time.

Major F. W. Hartford spoke on the great needs of houses and of the obligation of the Chamber of Commerce and the business men to see that those who wanted to come to Portsmouth and buy a house could be accommodated. This was something that must be done if the prosperity of the city was to be maintained and he knew of no better way of making men contented and good Americans than by providing them with good homes, which they would be quick to defend. It was a guarantee at all times against unrest.

Other speakers were Messrs Boynton, Mattison, Sise and Tucker. After a general discussion the paper was passed and in a short time the necessary \$50,000 was subscribed and it is the intention of the company to use the money as a revolving fund, as fast as the houses are built to sell them and start a new one and keep it up just as long as the demand exists. The present program is fifty houses, single and double style.

A meeting will be held in the near future for the incorporation of the building section of the Chamber of Commerce and then the definite plans will be arranged and the building committee appointed and the detail plans made.

It is the biggest move the business men of this city have ever made to help the city and a move in the right direction for it is bound to increase the growth of the city and as the plan progresses bring more and better industries to the city.

ARMISTICE NIGHT DANCE.

CITY COMMITTEE APPEAL TO SEC. DANIELS OF NAVY

Ask That Navy Yard Employees Be Allowed to Run for Municipal Office.

The Democratic City Committee have appealed to Secretary Daniels of the navy in regard to a matter which concerns the coming municipal election. They ask that the government ruling be suspended so far as to allow navy yard employees to hold municipal offices.

The committee claims that the government has allowed railroad men to accept nomination in city and town elections and they see no reason why navy yard men cannot have the same right.

The secretary is informed that the exclusion of navy yard employees from holding a minor office, such as councilman, works a hardship on every occasion of a city election and is the cause of delay, confusion and failure in not being able to name men well fitted for municipal offices who are employed by the government at the navy yard.

PORTSMOUTH YOUNG LADY BACK FROM FRANCE

Miss Katherine Bean arrived in New York on Wednesday from France after being absent 7 months with the Smith College Unit. She has been working in the war wrecked area and has had a wonderful experience.

NOTICE

After this date I shall pay no bills unless contracted by myself.

Teacher Violin, Cornet, Mandolin, Trombone, Virtuoso Method, Agt. for Holton Band Instruments.
Gibson's Mandolin and Violin For Sale.
R. L. REINEWALD,
Ex-Bandmaster, U.S.N.
Studio 2, Gates St. Phone 903-M.

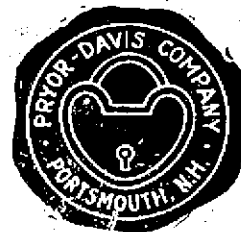

"BELTERS"

The "beller" model overcoat is the favorite this season with stylish dressers and owing to an overcoat shortage in the country, and the big demand for this particular model it has been difficult, even absolutely impossible, for most stores to supply the demand for them. While we've been short on them along with the rest, just now we are "well fixed" owing to recent good sized shipments of our orders.
